

## **Repair / Reconfigure Instructions**

Please complete this repair form, attach to the unit and send it us at:

**Microtech Repairs**  
**c/o Shop 4/17 Mitchell Drive**  
**Greenhills NSW 2323**  
**AUSTRALIA PH: +612 4933 4501**

**\*\*NOTE\*\*** If sending the unit from outside Australia, make sure to fill out the customs declaration form stating **Goods are being returned to the country of origin for a warranty repair and put the value on the package at \$250 Aus.**

This is very important to avoid delays with your unit in Australian customs. Should you refuse to follow these instructions, Microtech EFI will not be responsible for any duties or taxes incurred by Australian Customs or your shipping company. If the unit is held by customs it will be the responsibility of the sender to deal directly with customs and arrange for the package to be released.
